NOTES

- Use a regular knitted cast on/bind (*cast*) off unless otherwise instructed.
- Work all pieces flat (back and forth) on the single pointed needles, not in the round.
- To work stockinette stitch (st st), which is also known as stocking stitch, knit the right side rows and purl the wrong side rows.
- To work knit one under loose strand (k1 uls), insert the right needle under the loose strand below it and then into next stitch knit-wise from front to back, knit the stitch and bring the new stitch out from under the loose strand.
- Use mattress stitch and yarn tails for seaming unless otherwise instructed.
- To mark stitches use lockable stitch markers, or thread a piece of waste yarn through the stitch to be marked and tie in a loose knot so that it can be removed later.
- The banana uses short rows for shaping, and the wrap and turn (w&t) prevents holes forming at the point of the turn. Pick up the wraps and knit or purl them together with the wrapped stitch when you encounter them.

TO MAKE UP

For the grape with eyes, insert two ¼in/6mm toy safety eyes and remove the stitch markers. For each grape, sew the side edges tog, stuffing as you sew, and gather the cast on sts tog at the top. For the grape with eyes, embroider the cheeks in yarn L using three horizontal stitches below each eye. Sew the side edges of the grape stalk tog and sew the cast on edge onto the top (cast on end) of one of the grapes without eyes.

To assemble the bunch of grapes, make layers of grapes to stack on top of each other. First take 3 grapes and with yarn K sew through the center of each grape so that they form a triangle shape, making sure that the cast on end of each grape is at the top and the seamed side edge faces the inside of the triangle. Repeat this process with another 4 grapes to form a square shape, and include the grape with eyes in this square ensuring that the eyes face outwards. Then take the grape attached to the stalk, and feed the end of the stalk up through the hole in the middle of the triangle layer, and then through the hole in the middle of the square layer (you should have one grape leftover). Arrange the bunch by moving the layers, and when you are happy with the layout use yarn K to sew the grapes tog in a few places to keep them in position. Finally sew the last grape on top of the square layer and also onto the stalk.

Place the two vine leaves tog, wrong side facing each other, and sew tog around the side edges. Sew the cast on edge onto the stalk on top of the bunch of grapes.
